# EVERFLUX®

## INSTRUCTIONS FOR USE:

Using a brush or the unique **EVERFLUX** stick, apply **EVERFLUX** paste onto the copper pipe and fitting to be joined, then assemble.

Apply heat and solder, making sure not to over heat.

Allow to cool and wipe joint with a damp cloth.

**EVERFLUX** has been manufactured by Wiseman Industries Ltd for over 40 years. Continued Research & Development has perfected **EVERFLUX** into the best plumbing flux you can buy.

During manufacture, Wiseman Industries Ltd only use top grade pharmaceutical and food grade raw materials to produce a product that meets the most stringent of worldwide specifications.

The best quality materials result not only in improved performance but a lower fuming product, which is better for the installer and the environment.

Ultimately this means secure copper joints, resulting in no leaks and fewer call-backs, saving both time and money, whilst giving the customer the security and satisfaction of knowing only the best product has been used.

Protective gloves should be worn as prolonged skin contact could cause irritation

 **NO VOC'S**
