

PROFESSIONAL
GRADE CHEMICAL
AGENT

THE LIMESCALE ELIMINATOR

for Urinals & Toilets

Rapid Removal of Uric Acid stains

**STRONG
DESCALER**
RAPIDLY
REMOVES
LIMESCALE
& URIC
SCALE FROM
**TOILETS
& URINALS**

Use on other
blockages inc.
**Grout, Plaster
and Concrete**

- DISSOLVES
ON CONTACT:**
- LIMESCALE
 - GREASE
 - VERDIGRIS
 - SLUDGE
 - HAIR
 - ORGANIC
MATTER
 - RUST STAINS

- Strong Professional Descaler Rapidly Removing Uric and Limescale stains
- Dissolves on Contact - Limescale, Grease, Verdigris, Sludge, Organic matter & Rust
- Oils & Inhibitors will not harm drains, pipes, jointings & seals
- Will not harm septic tanks
- Available in 32.floz
- 100% Biodegradable

- Unique mineral based formula
- Can be used when diluted for other caked on limescale and stained surfaces
- When diluted, can be used on hot water coils, heat exchangers, boilers, gas water heaters, unit heaters, cooling towers - flush through after use.
- Disinfects, sanitises & neutralises existing odors
- Opens slow flowing drains rapidly
- Removes, corrosion, scale, bacteria and algae

FIZZOFF® Use & Dilution Guidance...

○ Prior to use, ensure all other chemicals present in the systems have been flushed away

○ Where required, drain system or remove as much water as possible, removing sludge, dirt & other deposits & use FIZZOFF to flush through

○ Where required, dilute into standing water, with water feed sealed off if on a pump system & leave standing until fizzing stops or sufficient time to work through larger systems

○ Once completed always flush through thoroughly

○ Dilute any leakages with plenty of water prior to mopping or flushing

○ Do not use on porous surfaces including marble, galvanised or enamelled surfaces, aluminium, zinc, magnesium

○ Carefully rinse prior to disposal & in accordance with State & Federal regulations. Do NOT reuse bottle

SAFETY PRECAUTIONS

- For Professional Use only
- KEEP OUT OF REACH OF CHILDREN!
- Do not mix **FIZZOFF** with other chemicals or in combination with any other products.
- Handle with Care
- Store in well ventilated, dry and cool environment, not in direct sunlight.
- A fizzing action will occur until action completed - Use protective goggles, gloves, and sealed work boots - If splashed on skin, wash off immediately under running water for 5-10 minutes.
